**Dickson Mounds Trails**

We hope you will enjoy our nature trail system. Please use the established trails and stay within park boundaries. Please be cautious of terrain. Your visit can be pleasant if you abide by a few simple rules. Trails are managed as part of the natural environment. Be prepared to meet and accept nature on its own terms.

Please choose the right equipment for your hike. Walking or running shoes are sufficient. Shoes with heavy lugged soles can increase erosion problems on trails. While on the trail, minimize your impacts. All plants, animals and their habitats should be respected.

Photography, journaling, birding notes and artwork are excellent activities for the trail. Take only memories, leave only footprints. Please remember that you share the trail with other users and that trail courtesy and safety is your responsibility.
